Operations Information

Welcome to the 2025 San Diego Bayfair on Mission Bay! We're looking forward to your arrival and participating in our 61st year of Boat Racing and Family Fun Festival in San Diego. Below we've included very important information to assure everyone has an outstanding San Diego experience. Many of you have been here before and are aware of the guidelines required for us to race in the Park and we depend on you to inform others. It's a zero-tolerance environment so please help us ensure we maintain our superb working relationship with the City and Park Staff:

--Teams must adhere to City of San Diego Police and Fire regulations. We are in a City Park and its incumbent upon each of us to be aware of their requirements and safety regulations. Common sense usually ensures a high-quality working arrangement with each agency overseeing the Park.

--No smoking or pets are allowed anywhere in Mission Bay Park.

--Due to Federal Clean Water requirements, we must trap and dispose of water in the Race Pits. Use of water is strictly limited to necessary operations of the teams. We have 300-gallon totes to collect the water in the pits at the designated boat wash down area, these totes are only for the use of Bayfair Staff to recover water in the pit area. ***They are not to be used for any other waste products. Any team violating this rule will be responsible for the cost related to the disposal of this contaminated waste.***

--Each team is responsible for controlling, containing, and removing all hazmat waste they generate. A containment device needs to be placed under your motor in the pit area, race teams are responsible for furnishing something to accomplish this requirement. Due to State and Federal Laws Bayfair is not allowed to remove any waste that is generated by a third party. Violators are subject to the laws of California and associated fines.

Please read the following information carefully:

--All race teams are responsible for having all their credentials prior to arrival, teams will need to make arrangements to pick up your credentials in advance or off-site prior to your arrival. **There will be no race team arrivals on Ski Beach (EVI) between 10:00 AM – 2:00 PM on Thursday September 11th to allow for our RV customers arrivals. If you do not have the proper credentials upon your arrival at the front gate you will be turned around.** Race Teams will be positioned in the Area A parking lot, boats will be positioned in the Pits by Bayfair personnel. Please have your drivers ready. There is very limited space in this area and your spot will be limited to one (1) parking stall.

--**Fueling arrangements must be taken care of in advance.** Each team must pre-arrange their credit with our fuel provider, Dion & Sons. Your contact is:
